

## Gran Tierra Energy Opens 'Te Escucha' Office in Yopal

**Yopal, Colombia, February 20, 2019** -- Gran Tierra Energy, today announced the opening of a Gran Tierra 'Te Escucha' office in Yopal. Gran Tierra has an open-door policy that allows the company's staff to listen to anyone from the community who has questions or concerns and provide timely responses. This is the fifth 'Te Escucha' office Gran Tierra has opened near the company's key areas.

*"One of the key elements of Gran Tierra's commitment to the communities in Yopal is our desire to build transparent and honest relationships with our neighbors. We have already held more than 180 meetings with key stakeholders for the Prosperidad Project and the opening of our Gran Tierra 'Te Escucha' office strengthens our commitment to listen to the people of Casanare", Enrique Villalobos, Deputy Operating Officer, Gran Tierra Energy.*

Gran Tierra 'Te Escucha' offices provide a physical, easily accessible channel for community members to engage in two-way communications with the company. In addition, the office will be used to provide workshops, training and meetings for communities and local companies. During 2018, Gran Tierra Energy received and responded to more than 1.000 queries in Colombia in the Putumayo and César offices.
